

Introduction

In this play, we will be dealing with the tools that will help you in doing the same task repetitively. We will explore different techniques/approaches to help us achieve the same.

Objective

In this Play, we will be learning the following :

1. What are the different techniques to loop a statement ?
1. Different tools to ease looping a statement.

End Point

After reading all the required docs/web-pages you will have basic understanding of all the techniques associated with the objective. But the final choice of the correct tool will depend on your experience and preference .
